

Call for Minisymposia Organizations

Dear Colleague,

On behalf of the organizing committee of the 5th International Symposium on Inverse Problems, Design and Optimization (IPDO 2019), September 24 ~ 26 in Tianjin, China, we would like to cordially **invite you to organize a Minisymposium (MS) on a topic close to your field of expertise.**

The MS proposals are encouraged to address any timely and coherent developments in all aspects of inverse problems, design and optimization. The IPDO 2019 Symposium is intended to offer a unique international forum that is expected to provide an excellent basis for cross-fertilization of ideas and creation of new synergistic approaches and methodologies that will combine the three fields of research so that more general, robust, accurate and computationally economical design methods are created for multi-disciplinary applications. Contributions dealing with practical applications are encouraged, such as in petrochemistry, aeronautics, astronautics, bio-medicine, chemistry, transport and sensing of pollutants, materials design and processing, remote sensing, non-destructive evaluation, material property determination, acceleration of optimization procedures, combinations of inverse design and optimization, data driven many-objectives constrained optimization, uncertainty quantification, unsupervised deep machine learning, and other topic of high utility.

The contents should include: **(1) title of MS, (2) description of MS, (3) detailed contact information of MS organizer(s)** such as name, affiliation, e-mail address, etc..

Deadline for submission of MS proposals is **January 31, 2019**. MS proposals should be submitted by sending a message to the e-mail address:

IPDO2019@hebut.edu.cn

For further information related to the IPDO2019, please consult the Symposium website at <http://ipdo2019.ipdos.org>

As the lead organizer of an MS having at least one session with six or more accepted papers and their authors presenting them, you will be entitled to a **free registration for IPDO2019**. If you need additional information, please do not hesitate to contact us. We thank you in advance for your interest and participation in the preparations for IPDO2019.

Best regards,

Xu Han, Chairman of IPDO2019

George S. Dulikravich, Honorary Co-Chairman of IPDO2019

Helcio R. B. Orlande, Honorary Co-Chairman of IPDO2019

Marcelo J. Colaco, Honorary Co-Chairman of IPDO2019

Jie Liu, General Secretary of IPDO2019
